**TEACHER'S WORKSHOP (World Space Week 2024)**

Sir/Madam,

ISRO Centres in Kerala (VSSC, LPSC & IISU) have been organizing special programmes for teachers and students as part of World Space Week celebrations since 2002. Directorate of Technical Education, Government of Kerala has actively partnered with us in conducting these events in the past few years.

We take this opportunity to inform you that, World Space Week celebrations 2024 is scheduled from October 4 to 10, 2024. This year, VSSC, LPSC and IISU in collaboration with Indian Institute of Space Science and Technology (IIST), Thiruvananthapuram are organizing a 'Teacher's Workshop', for Teachers of Engineering Colleges, Polytechnics, Industrial Training Institutes and Arts & Science Colleges. The program intends to enrich the teachers through lectures related to 'Space and Climate Change' including visits to LPSC and IIST facilities. This initiative aims to inspire teachers, empowering them to cultivate scientific curiosity and deepen understanding about space science and technologies, among students. Key details of the workshop are:

- The Teacher's Workshop will be held on **October 7, 2024 (Monday)** at **Liquid Propulsion Systems Centre (LPSC), Valiamala, Thiruvananthapuram** from **08:30am to 05:00pm**.
- Institutes can register in the registration link for Teacher's Workshop provided in our website (<https://wsweek.vssc.gov.in>). The Website will open for registration on **September 23, 2024**.
- Each institute is invited to nominate teacher(s) for participating in the workshop. As limited seats are only available for the workshop, we encourage the institutes to complete registration at the earliest.
- Selected participants would receive a confirmation email by 1<sup>st</sup> week of **October, 2024**.
- Transport arrangements to pick-up & drop the selected participants from identified pick-up points in Trivandrum shall be arranged on **October 7, 2024**.

This workshop offers a valuable opportunity for teachers to gain insights into the latest developments in Space Science, Technology and its applications. Hence, we request your support in promoting this workshop by encouraging the participation of maximum number of teachers from the above said institutes, across Kerala. To ensure the smooth conduct of the workshop, we would greatly appreciate timely registration through the portal, which will be active from September 23, 2024.

With warm regards,

**M Mohan**

Director (Projects), VSSC
