No.DTETVM/7059/2024-AICTE2 (EC)

Date:28-03-2025

CIRCULAR

***Sub:- Education - Technical - Suspension of Offline Applications for
Level 10 Placement - Reg.;***

It has come to notice that a large number of offline applications are being forwarded to this office for placement to Level 10, either in view of MTech acquisition or upon completion of five years at Level 9A. In order to ensure transparency, reduce complaints, and promote a paperless office system, applications have been invited exclusively through the CAS & Training Management System (CTMS). Please be informed that the module for Level 10 placement in the portal is currently under maintenance, and as such, the option to submit applications is temporarily unavailable.

In the above circumstances, all Heads of Institutions are hereby directed not to forward any offline applications for Level 10 placement until the facility is made available on the CTMS portal.
