6th INTERNATIONAL CONFERENCE ON CONTROL, COMMUNICATION AND COMPUTING

ICCC 2025 MAY 23-25, 2025

About COLLEGE OF ENGINEERING TRIVANDRUM

College of Engineering Trivandrum (CET) was established in 1939 as the first engineering college in the state of Kerala. The Institute was started as a constituent college of Travancore University. With the establishment of the Directorate of Technical Education in the late fifties, the college administration came under the control of the Government of Kerala.

The college is the most sought after engineering college for the engineering aspirants in the state. There are eight full fledged departments offering 8 undergraduate and 27 postgraduate programmes under the APJ Abdul Kalam Technological University, Kerala. The institute, with its strong research base and extensive infrastructural facilities, offers PhD programmes in a wide range of areas in engineering and is recognized as Quality Improvement Programme (QIP) centre for research leading to PhD. The college has around 4500 students, 311 faculty members and 290 non-teaching staff.

CALL FOR PAPERS

Papers are invited from prospective authors on the topics in Electrical, Electronics and Computer Science domains. Papers submitted to the conference should be based on original, previously unpublished work, experimental or theoretical, and must not be under consideration for publication elsewhere. Authors are invited to electronically submit their unpublished original research contributions in IEEE format for the conference. Call for paper details are available in the conference website <http://iccc2025.cet.ac.in>.

At least one of the authors of each accepted paper must register for the conference for the paper to be included in the conference proceedings and published through IEEE Xplore. About ICCC 2025

ICCC 2025 is the 6th biennial conference jointly organized by the Departments of Electrical Engineering, Electronics & Communication Engineering and Computer Science & Engineering of College of Engineering Trivandrum, Thiruvananthapuram, Kerala, India. The conference mainly focuses on topics in Control, Communication and Computing. It aims to create a forum for technological exchange amongst researchers from academia, research laboratories and industries throughout the world to present the latest research findings and ideas in the areas of control, communication and computing. The objectives of the conference are to provide high quality research and professional interactions for the advancement of science, technology, and fellowship. Papers with novel and quality work are encouraged for submission. The technical program will include pre-conference tutorials, keynote lectures and regular technical sessions.
